Drawing Animals and Faces

Draw a portrait/image of your favorite animal or pet. You will focus on facial features, head shape, and light to create works of art. Join us and discover the artist in you!

River Rhythms: A Musical Journey Along the Mississippi

This immersive experience invites you to explore the diverse genres of American music along the riverbanks of the Mississippi, from soulful blues and jazz to the lively beats of rock n' roll and country. Through hands-on activities, you will learn about the milestones of American music but also discover cultural influences that shaped each musical era from the Delta to New Orleans. Get ready to make music and memories that will last a lifetime!

For All Youth Camps and Classes

For marketing purposes, Black Hawk College will be taking pictures of the students in the summer youth camp/classes. If you would prefer that your child's picture not be used in any publicity for the PaCE Department or for Black Hawk College, please notify us at shudak@bhc.edu.

Coding for Kids with Scratch Coding

Computer science and computer programming help nurture your problem-solving skills, logic, and creativity. This fun, interactive class will teach you the concepts of computer logic, coding, and programming. By being exposed to and familiarizing you to coding, you will have a foundation for success in any future career path. Your *parents will need to set up a free account at scratch.mit.edu/join for you. Bring the username and password with you on the first day of class.*

Intro to Robotics

This class is a beginning introduction to robots, sensors, and programming using Lego Spike Prime Robotics System. You will construct basic model robots to attach touch, light, sound, and ultrasonic sensors. You will learn to program the Spike Prime model robots using the sensors to complete mini-challenges.

Recycled Art

Discover your creative side making projects that use common objects or discarded materials to create recycled art. You will make animals from everyday materials; discover the many items you can make out of egg cartons and create an art piece that can be used as a decoration in your home.

DIY Fashion

Learn creative and simple ways to add originality and pizzazz to your wardrobe from head to toe. You will create new accessories and make a bag to add to your fashion collection. These do-it-yourself fashions will make your wardrobe look fresh and leave you with the enthusiasm to create even more after the class. *You will need to bring an old T-shirt on the first day. Adult size preferred, any color – as long as it's a T-shirt you no longer need.*

Explore Engineering

Explore the realm of building structures and learn about the principles of architectural, civil, and structural engineering. Through constructing buildings of our own, we will discover the balance between form, function and stability- all important in engineering. Through different activities, you will team up to put their knowledge and applications to the test to overcome real challenges that impact the world around us!

The Younger Generation

Babysitting Clinic

Instructor: A. Courville

(Ages 11 - 16) This clinic will teach students the responsibilities of a babysitter, what parents expect, how to handle emergencies, caring for and handling infants and young children, feeding techniques and diapering, age-appropriate toys and activities, tips for bedtime issues and much more! Students will learn basic first aid and how to handle emergencies that arise such as injuries, illnesses and household accidents. As babysitting will be many students' first job, interviewing also will be reviewed. Certificate will be awarded upon completion.

Get Paid to be a Tour Guide & Travel Free

Presented by: G. Henry

Many people will not travel unless they book a tour, take a cruise or travel with a friend who knows the destination. Travel & tourism is the world's fastest growing industry, and relatively recession proof.

If you love to travel, earn income as a tour director. Learn about tour director salaries and work part or full-time leading tours for major companies. Travel free on a tour by becoming an "affiliate" or "tour coordinator", putting together a group of friends to go on a trip and you go free (& possibly earn extra income). Learn how to put together your own tours and market them to friends, family or the public, starting your own tour business. Learn the qualifications needed to be a tour guide, the "Five Easy Ways To Get A Job In the Tour Industry", how to design excellent tours & negotiate group discounts, and "101 Ways To Promote Your Tour & Make It A Success" in this online class.

Tuition includes instructor's 100-page digital book "GET PAID TO BE A TOUR GUIDE & TRAVEL FREE" (a \$39.95 value) which provides names, phone numbers, and websites of all of the contacts you need to put this practical information to use. *The Zoom link will be e-mailed to you the Monday before class.*

Instructor destacado Ana Vallejo

Ana imparte la Certificación de Gerente de Protección de Alimentos en Español en BHC Outreach.

La parte favorita de Ana de su trabajo es que ninguna clase es igual y le resulta muy gratificante cada vez que sus alumnos obtienen la certificación.

Ana es madre de una hija de 9 años y un hijo de 4 años que decidió educarlos en casa e incluso comenzó su panadería en casa hace 2 años. Le encanta crear dulces como macarrones y delicias cetogénicas como brownies y galletas. Y lo mejor es que hace lo que ama mientras disfruta de la vida con su familia."

Necesita volver a tomar su examen para la Certificación de Protección de Alimentos para Gerentes?

Llamos para registrarse y tomar su examen al 309-796-8223. Si han pasado más de 6-meses desde que tomó su entrenamiento, entonces necesitará volver a tomar la clase completa nuevamente.

Política para volver a tomar su examen de ServSafe:

Puede tomar su examen dos veces en un periodo de 30 días si es necesario. Si se requiere un tercer intento, tendrá que esperar 60 días desde su último intento. No puede tener más de cuatro intentos en un periodo de 12 meses.

Instructor Spotlight

Mike Bisom

Mike Bisom has 15 years of experience as a professional wedding photographer and has been teaching photography for nearly 20 years. Mike enjoys a variety of music, including musicals, and has seen *Les Misérables* three times.

Some words of advice from Mike: "For those of you wondering how to make a small fortune with photography, that's easy. Start with a big fortune. The guiding principle for my classes is simply getting better pictures. And what role the camera, any camera, plays in that."

Photography

Digital Photography: Introduction

Instructor: M. Bisom

Level 2 – Are you finding digital photography to be a bit confusing or even overwhelming at times? In this class, we break down the entire photography process and the camera's role in that process. What is a JPEG? What is resolution? Not only will we explore some of the more common picture modes on a camera but also why there can be so many options. *Please bring your camera(s).*

Fundamentals of Retirement

New

Instructor: M. Hunt, CLF

Do you often think “I’ll never be able to retire”? Do you believe that you are too “broke” to start putting money away for retirement? Is your plan at work sufficient and are you putting the money away in the “right” places? Have you ever thought that you can’t “afford to lose any money in the stock market”. In this class, you will learn the fundamentals of starting and planning for your retirement. Learn the difference between a Roth and a pre-tax investment and how they are affected by taxes. Learn the tax brackets and how to minimize your tax bite. However, money is only one aspect of retirement planning. This course blends financial education with life planning to help build your wealth, align your money with your values and achieve your retirement lifestyle goals.

Understanding the Basics of Life Insurance

New

Instructor: M. Hunt, CLF

If you have group life insurance through work, is that enough to protect your family? How much is too much and is the group cost actually priced better than an individual plan you could get from the internet or your local agent? Learn the most common types of life insurance and what is best for your specific need. In this course you will see how life insurance can help with retirement planning and identify which companies will be there decades from now when you have a claim. Learning the basics of life insurance will make you a knowledgeable and savvy consumer. You will learn the importance of an accurate illustration and how expensive life insurance can or cannot be.

History/Travel

Presenter: Brian Alm, Member of the Institute for the Study of Ancient Cultures, The University of Chicago

Greece and the Aegean

We will visit some of the sites everyone else does when they go to Greece, but we'll also pop into some pristine islands few U.S. tourists may be familiar with, and we'll go on over to Turkey, too, to walk the streets of the ancient biblical city of Ephesus, and the grand city built on two continents, Istanbul.

Brawny, Charming Scotland

Let's go to Scotland! Scotland is brawny and brave, a rugged country with swooping uplands and velvet valleys dotted by white cottages and hairy cows; a land of contrasts — the roaring Atlantic crashing on the rocky shore and sheltered lochs as still as swans; charming stone villages lost in time, elegant Edinburgh and lusty Glasgow. History shouts from these hills — you can almost hear the Highland drums and the clash of steel. We'll visit places like the Western Highlands and the isles of the Inner Hebrides, and the Outer Hebrides.

Whether you are simply interested in Scotland or planning a trip, this is the class for you. We'll cover all you need to make your time in Scotland — whether it's just a week or much longer — a joy to remember!

German Roots in the US

Presenter: Brian Allen, Executive Director, German American Heritage Center

Beginning in the mid-1800s, scores of German immigrants crossed the Atlantic and then traveled up the Mississippi to settle on the West side of the river. This brought many Germans to the Quad Cities. Once they began to settle in the area, they made their indelible mark on architecture, business and society as a whole. Tracing German Roots in the Quad Cities follows their journey to the area, the impact they made once there and the ways in which those German roots forever transformed the place we call home.

EMOTIONAL INTELLIGENCE

Presenter: Donna Honold

Emotional Intelligence (EI) has been named one of the top 10 skills by the World Economic Forum. It is defined as managing your emotions and realizing that how you show up every day affects the morale and productivity of others. Employees are your best asset. How they interact is key to their level of engagement and the effort put forth when contributing to the overall success of the company. This session will focus on:

- What EI is and what it looks and sounds like in our everyday interactions with others, both personally and professionally
- Understanding the neuroscience of EI
- Impact of engaged employees in the workplace
- The damage actively disengaged employees can do to any organization's morale, productivity and retention of engaged employees
- How leaders influence employee engagement
